ABOUT VOICES WITHIN

Voices Within is the Los Angeles Master Chorale's award-winning artist residency program for fifth-grade students. Over a 12-week period, students work with a Composer, Lyricist, and Singer-Lead Teaching Artist to write original lyrics and melodies, which culminate in a live performance with a chamber ensemble of Master Chorale singers. Since its launch in 2001, over 5,250 students have participated in Voices Within, creating and performing more than 500 original songs alongside Master Chorale teaching artists.

The curriculum integrates Common Core State Standards and blends music composition, writing, improvisation, and creative collaboration. Teaching artists work closely with teachers and administrators to foster a safe environment where students can take creative risks, develop confidence, and experience the joy of making their own music.
